Subject Environmental Sampling Figure for West Lake LF

1 attachment

Public Mtg - Env Sampling Loc Figure.pdf

Dan:

As you requested in your voice mail this afternoon, attached is a figure showing the environmental sampling locations at the West Lake Landfill. We have turned off the topography to make it easier to view, as you suggested.

Please note that this figure was originally prepared in 1999 or 2000. I tried to change the labels to "Former Active Sanitary Landfill" wherever I found them and I deleted the Leachate Pond that no longer exists. Hopefully I caught all of the little changes that have occurred over the last few years.

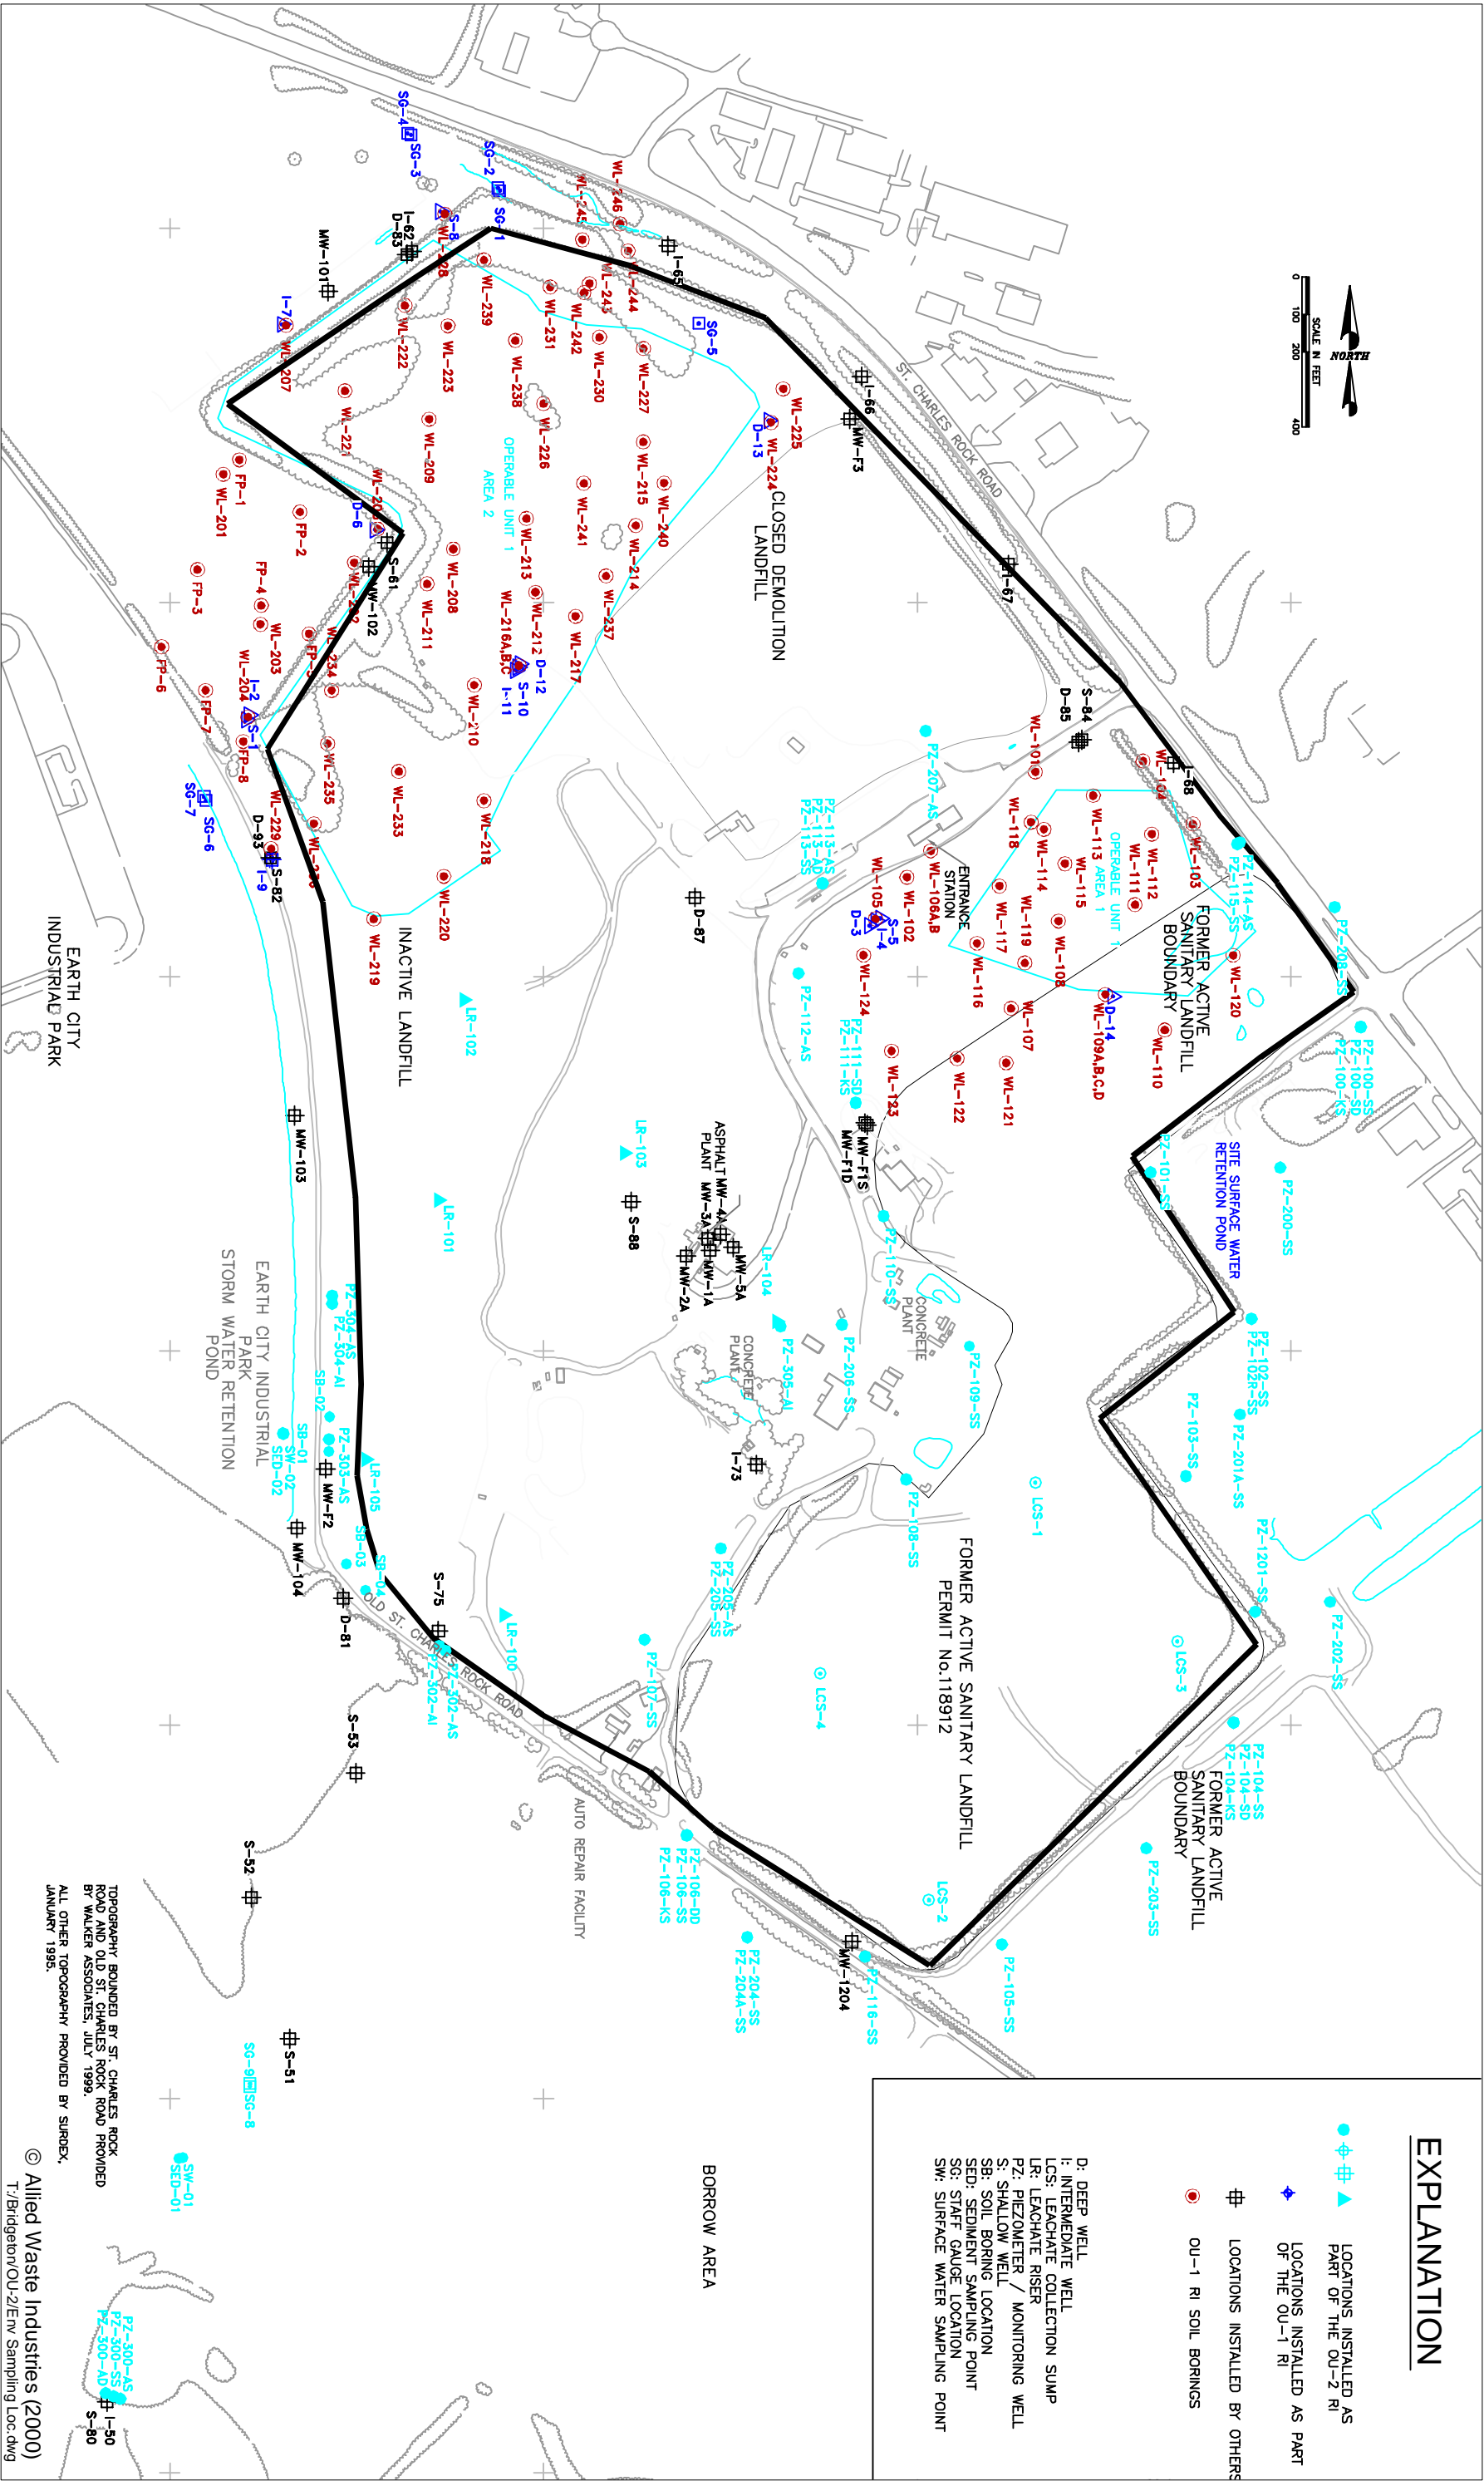

I will be out of the office until Thursday. Please feel free to contact me on my cell phone at 314-368-3874 if you find you need anything else prior to the public meeting. I can work with our staff via telephone and get you what you need.

Ward Herst, Managing Director

(636) 939-9111 phone

(636) 939-9757 fax
